Studebaker One-Ton Truck, Latest Equipment Added By THE COCA-COLA BOTTLING WORKS

E STABLISHED in 1902, this concern has grown with Phoenix and is grown with Phoenix and is now one of the largest bottling concerns in this

More and more modern equipment has been added—An Automatic Bottling Machine that puts out "sody pop" in a seemingly endless stream of bottles—A soaking machine that takes up a small wagon load of "empties," washes them thoroughly inside and out—An Automatic rinsing machine which turns out washed bottles as clean and pure as when new.

An Electric Water Sterilizer is to be installed soon at a considerable expense and will add the last touch to the up-to-the-minute equipment of this most modern bottling works.

The Coca-Cola Bottling Works as it is today, showing new Studebaker one-ton truck, the latest equipment added to this most modern plant

PPROXIMATELY a year and a half ago, the firm moved into their present commodious quarters at the corner of Sixth Avenue and West Jefferson-A fireproof building constructed expressly for them with concrete floor, special drainage system and all else that fitted it for a modern bottling

Delivering to all of the surrounding towns in the Valley in large quantities, it became necessary to add to their modern equipment a dependable truck. One that could be relied on for heavy and hard service every day in the year was necessary, and for this purpose the Studebaker recently installed was selected as the best, and is making good in every par-
